Except for a tent, you should be able to find all the things you need for your first outing right from home. If you do not have a sleeping bag, you can bring a pillow and blankets. Keep in mind the temperature you will experience; you can use a light sleeping bag designed for summer use only and wrap it with a blanket or two to keep you warm. If liquid sunshine (rain) is possible, be sure to pack and keep your extra cloths in a plastic bag or container so they do not get wet.

Things not to bring:

Fuels, firearms, fire crackers, music box, alcohol
 Lastly, get ready for a fun adventure. You can do this!
